

Supported by:

Asian Golf Industry Federation

With a group of stakeholders committed to help develop and lead the growth of the Asian golf industry, the Asian Golf Industry Federation was formed and incorporated in August 2009. It is a non-profit regional organization with a distinguished Member Roster representing leaders in the Asian golf industry including golf course and club suppliers and professional support services, and golf course architects, to golf real estate and development companies.

Federation of Golf Clubs Phils., Inc.

The Federation of Golf Clubs Phils, Inc. is a vibrant organisation with thirty two (32) member golf clubs in the Philippines.

VISION: To uphold and uplift the Development and Enjoyment of Golf in the Philippines through universal camaraderie, friendship and understanding.

MISSION: To promote and perpetuate Golf as a game of honor with a history of fine traditions, to follow and be governed by the Local and International Golf Rules and Regulations.

GOAL: To have the Republic of the Philippines be recognized as a golfing destination for tourists and Championship tournaments.
